Use the same university approved font and size as your body text. For **headings**, use a size not larger than 20-points. This page is not double spaced, but add an extra line before the next table’s title. Don’t use bold, underline, or italics.

Margins are 1" on the top, bottom, and right; 1.5" on the left. Page numbers should be Roman numerals and centered at the bottom at 0.5". You should use the appropriate Roman numeral for the page number according to its placement in your thesis.
