Music research help, new items

Last month's question: Guess who grew up in Florida, loves fly fishing, is a visiting professor at Liverpool Hope University, and is married to his high school sweetheart??

Dr. Craig Hamilton! We put all guessers' names in a drawing, and the winner is... **Isabel Dodds!** She wins a box of homemade chocolate chip cookies!

NEW TRIVIA QUESTION!

Who among the music faculty/staff went to undergraduate school on a golf scholarship, and has competed against Tiger Woods?

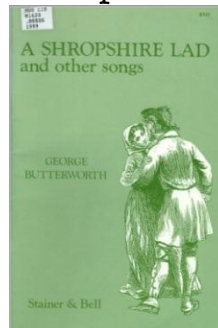

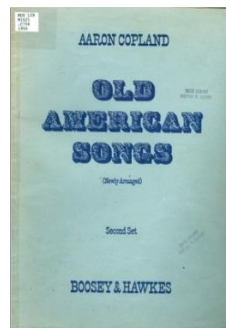

Send answers/guesses to phillipsc@obu.edu

Papers and Projects due?

Your librarians have put some subject-specific resources together in the form of [LibGuides](#). Check out the one for music [here](#). Use the databases collected here for more targeted and usable results in your research. And PLEASE ASK LIBRARIANS for help with any aspect of research!

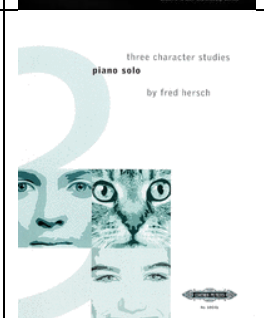

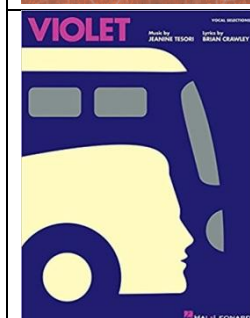

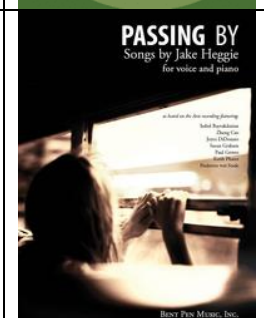

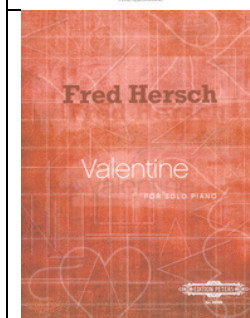

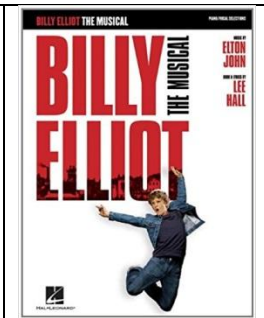

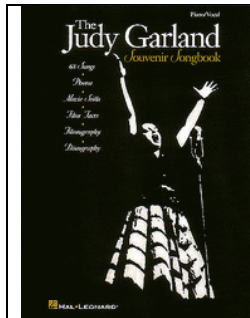

Thanks, Dr. Steve Garner!

Retired music professor Dr. Steve Garner recently donated a large collection of vocal scores. Most (not all) are for the tenor voice, and include several songs and poems (particularly poems by A.E. Houseman) set to music by Vaughan Williams and other beloved composers.

The music library will offer redundant copies to interested students/faculty.

NEW ITEMS

There are a few mustache bookmarks left! ☺
